### KEY ACHIEVEMENTS IN PAST 6 MONTHS

- The minister of health is championing the prevention agenda.
- National prevention road map components have been integrated into the national strategic framework 2017–2022.
- Functional technical working groups exist for four prevention pillars to guide implementation.
- Ambitious national and subnational prevention targets have been set, including for four cities.

### NEXT STEPS IN 2018

- Combination prevention guidelines and the definition of core service packages for high-priority populations will be finalized.
- The existing draft condom strategy will be completed and will include lowering the age of consent for accessing sexual and reproductive health services to 14 years.
- The appointment of a dedicated key population programme coordinator will be considered.
